VOL. 2.

PARTY OF PROMINENT BRITISHERS IN CITY TODAY

Duke of Sutherland and
Friends Visiting Points of
Interest in District
LORD CHAS. BERESFORD
MEMBER OF PARTY

Distinguished British Naval
Officer Is Delighted with
What He Has Seen of Canadian
West—Party Leaves
for Vegreville Tomorrow.

Edmonton is being honored today by the presence in the city of a number of British people of title and influence, chief among whom is Lord Charles William Beresford, commander of the British navy and a British parliamentarian of world wide repute. Other members of the party are the Duke of Sutherland, the Marquis of Stafford, and Viscount and Lady Castlereagh. They have spent some time at Brooks, Alberta, where the Duke of Sutherland has a large model farm on which he is placing a number of families from Scotland. The special cars in which they are travelling arrived in Strathcona this morning attached to the regular C.P.R. train from the south and were switched over to Edmonton on the E. V. and P. track about 10 o'clock this morning. Arrangements had been made by H. M. E. Evans, who is looking after the Duke of Sutherland on a tour of the city and they left the C. N. R. station in the motor cars shortly after the special train pulled out.

Although Lord Charles Beresford is in his 64th year, he has carried a weight of public duties in connection with the British parliament and the navy such as few other men in contemporary British public life have had placed upon their shoulders. He carried his years well, stepping from the rear platform of the special car this morning, clad in a heavy fur-lined, cavalry cut, and ordinary cloth cap he appeared the picture of health and looked for all the world as if he were

(Continued on Page Three.)

WANT THE DUTY ON CATTLE REMOVED

FARMERS OF STROTTHIRE DISTRICT
ARE SENDING PETITION
TO DOMINION GOVERNMENT.

(Western Associated Press.)
Calgary, Alta., Oct. 6.—The farmers of Strathmore district are putting a petition to the Dominion government to have the duty on cattle removed from Alberta removed for the next few years. The petition is signed by 1,000 farmers and is being forwarded to the Dominion government.

In addition some of the later grain was beaten down with storms and much of the crop was lost. The loss in the country and across the line there are cattle and a shortage of feed. Some 500 of Strathmore, looking for B. Bennett, conservative minister of the Interior, to use his best efforts to have duty raised for a few years to permit the ranchers and farmers to buy stockers from across the line.

Mr. Bennett asked for a definite statement in writing but did not say what course he would pursue.

JAPANESE LEAVE U.S. NAVAL SERVICE

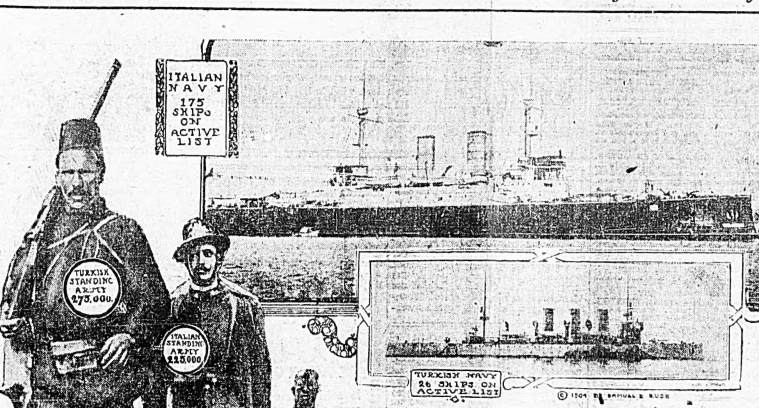

NUMBER OF COOKS AND WAITERS
TURN OUT TO BE OFFICERS
IN DISGUISE.

(Western Associated Press.)
Newport, R. I., Oct. 6.—Commander is being made on the fact that during the past few months the Japanese servants of the navy and army officers stationed here have disappeared one by one. It is now known that it is not a single servant of the nationality employed in official capacity.

A year ago the Japanese servants were numerous, and officers were seen about the fortifications. One servant said to have been declared to have been an officer, sending notice to Japan was dismissed but whether all other Japanese were given notice to leave is unknown.

CHURCHES BURN.
Lester, Ind., Oct. 6.—The Methodist church and three large houses of worship were destroyed by fire tonight. The loss is estimated at \$1,200,000.

Relative Strength of Standing Armies and Navies of Italy and Turkey

The opposing forces of Turkey and Italy now engaged in war. The picture shows the relative strength of the standing armies of Italy and Turkey and the active list of the war vessels available for war duty. The standing army of Italy consists of 225,000 men with a reserve force of 300,000 men, which gives it a total war strength of 525,000 soldiers. The navy consists of 175 fighting vessels. The standing army of Turkey numbers 375,000 with a reserve of 350,000 soldiers, giving the Turkish government a combine fighting force of 725,000 men. Her navy consists of 26 war ships. The warships are the Medizida, of Turkey, and (above) the Regina Margherita, of Italy.

SOLDIERS GUARD RAILWAY HOLDINGS

BENTRIES ORDERED TO ADMIT
ONLY THOSE BEARING PASSES
—THREE COMPANIES POSTED

(Western Associated Press.)
McComb, Gily, Miss., Oct. 6.—With the tightening of the lines of both military and union the struggle here between the Illinois Central R.R. and the strikers settled down tonight to one of endurance. Three hundred and fifty state troops reinforced by machine guns patrol the property of the railroad.

Lines of sentries prevent any entrance of the ships except to those with passes issued by the military authorities. National Guard companies at Gulfport, Aberdeen and Columbus have been ordered into camp here and the two remaining companies of the second regiment have been ordered to hold themselves in readiness. It was stated today more troops are coming to quell any trouble that might arise from wholesale arrests for alleged violations of a federal restraining order against strikers interfering with railroad business.

STEAMER IS ASHORE NEAR PORT ARTHUR

RUNS NOSE INTO A MUD BANK AND
STAYS THERE—TUGS
APPLIED FOR.

(Western Associated Press.)
Port Arthur, Ont., Oct. 6.—The steamer Courina of the Canadian Lake line, was stranded this morning at 5:30 on the Welcome Islands seven miles from Port Arthur, and is now being towed by her own hulk and a mud bank, the stern in ten feet of water. She does not appear much damaged. The Canadian Towing and Wrecking company has been called to her relief. The Courina was coming from Montreal with a full cargo of package freight.

Dangerous Delicacy.
Duluth, Minn., Oct. 6.—Since abandoning the waterlogged steamer "A. L. Hopkins" off Michigan Island Monday night nothing has been heard from the vessel, that it is feared constitutes one of the most dangerous wrecks in Lake Superior waters for many years. The Great Crescent City of the Pittsburgh line, passed up early Tuesday morning unaware of the danger, but the master saw nothing of the wreck. Captain Atwood of the government steamer "Ananias" was in search of the "Hopkins" will report when he reaches Lake Harbor, which will not be for several days.

Hundreds of Delegates at the Methodist Conference

Number of Prominent Divines Deliver Addresses at Fourth
Gathering in Toronto—Over 1500 Delegates Will
Take Part in Missionary Discussion

(Western Associated Press.)
Toronto, Oct. 6.—Four hundred and eighty officially appointed delegates are now at the Methodist conference here, while eight hundred more are here representing different individual churches, but they have not the right to vote.

It is expected 1500 members will be here tomorrow. Foreign missionary enterprise was the topic discussed at this morning's session with Rev. T. H. Lewis, D.D., president of the Methodist Protestant general conference, delivering the chief essay on "The Responsibility of Methodism in World-wide Evangelism."

Rev. David Brock, of the United Methodist church spoke on the mission of Methodism to non-Christian races, followed by Bishop Wm. Hurley, of "The Mission of Methodism to the Latin Races." The third address aroused the most interest. It was on Methodism and France, given by M. C. Foster Thomas, French, of the French Methodist church.

Methodism is getting a strong hold on the people of Australia," said Rev. Mr. Stubbs of Adelaide, Australia, this morning. "When I entered the

work in 1882, there was only one conference there. Now there are six. We have had no decrease in the increase in the decade," said Rev. Dr. Martin, of Knoxville, Tenn. "Our increase in the decade has been 35 per cent. The decrease in the western section which Mr. Carroll talked about is really not a decrease in actual figures, but that the increase during the last few years wasn't so great as in the previous decade. The actual increase in the membership is 15 per cent."

Rev. Lewis said in part: "The union of American Methodism of which there were seven different names would give the greatest impetus to world wide evangelism."

Rev. Mr. Hart said: "The think people in the Latin races are in open revolt against Romanism and they also are going down to hell, but the man who thinks they are a decadent and dying race is mistaken. Rev. Paul said France was the mother of Canada, and when she looked around for a nurse, she went to England. The nurse and mother had been shaking hands lately over the Atlantic cable."

DUKE OF CONNAUGHT STARTS FOR CANADA

LARGE NUMBER GATHER AT PIER
TO SEE NEW GOVERNOR
GENERAL SAIL.

(Western Associated Press.)
London, Oct. 6.—The Duke of Connaught accompanied by the Duchess sailed on the steamer Empress of Ireland from Liverpool today to assume the office of Governor-general of Canada, in which he succeeds Earl Grey, Prince Arthur and Princess Victoria. Prince and Princess Victoria, Princess Patricia did not leave with their parents.

A large party gathered at the railway station to bid the Duke and Duchess good-bye. A portion of the steamer had been reserved for them and the staff, ladies, secretaries and physician.

SEVEN INJURED AT BIG RACE MEET

JOCKEY WILL PROBABLY DIE—3
WOMEN ARE SERIOUSLY
HURT.

(Western Associated Press.)
Philadelphia, Pa., Oct. 6.—A jockey was probably fatally injured, three were severely hurt and three men riders thrown from their mounts today at the race meet of George Widener's Lyndwood farm, Elkins park, where thousands of spectators including many society, prominent in New York, Philadelphia and London were assembled.

The first accident occurred in the colliery stable chase when H. Roberts, riding Mollerey, W. M. Cloughier's entry was thrown at the first jump and lay unconscious on the track. While his horse dashed his head into the crowd of spectators, many of them women. Mrs. Susan Sullivan of Moorestown, N. J. was trampled upon and rendered unconscious while Mrs. W. W. Hope and Mrs. Frances Layton of Ashtaburgh, Pa., were knocked down.

PONOKA MEMBER.
ON CROP RESULTS
Dr. Campbell Says His Constituents
Will Not Handcuffs Return on
Grain and Beef.

Dr. Campbell, member of the legislature for the Ponoka constituency, is in the city today for the first time in several months. He recently returned from an extended visit to Eastern Canada.

Speaking of the crop results in his district the doctor says that Ponoka fared unusually well this year. There was a good crop of wheat, and almost every other part of the west, but there was no part of the crop totally destroyed while a strong wind and escaped altogether. The Ponoka district, he says, will not be a handsome return from its grain crop and will hold the best output of prime beef that it has ever had in its history.

YOUNG LIBERAL MEETING.
A meeting of the executive committee of the Young Men's Liberal club, Dr. Campbell is only in town for a couple of days, looking into some matters connected with public works in his constituency.

VOTES FOR WOMEN.
(Western Associated Press.)
Fort Arthur, Ont., Oct. 6.—The Hon. M. P. P. Kemora, in an interview here today asked that he be placed on record as an advocate of votes for women.

FAMOUS ARTIST DEAD.
(Western Associated Press.)
London, Oct. 6.—J. Amos, the artist, died here today. He was a member of the Royal Institute of the Painters in water colors.

ITALIAN ADMIRAL IS GOVERNOR TRIPOLI

Official Advances from Rome State Turks Have Evacuated City
—No Europeans Injured During Bombardment—
City Is Now Under Military Rule

(Western Associated Press.)
Tripoli, Oct. 6.—Italy has established a new government for Tripoli, Rear-Admiral Eoredolmo having been appointed governor. Captain Calvi was made commandant of forces disembarked by Italian fleet. After the Italian seamen had been landed and occupied Fort Sultania, chiefs of the Arab tribes adjacent of Tripoli went aboard the Italian flagship and expressed submission. They begged the Italians not to resume bombardment.

The German consul, as senior member of the consular corps, also visited the flagship and asked Vice-Admiral Faravelli to assume responsibility for the preservation of public order and protection of foreign residents in Tripoli, which had been abandoned by the Turkish troops. The admiral landed other detachments of sailors with guns, including quick-firing pieces and organized Tripoli in a military sense. This was accomplished without incident and the appointment of the governor followed. The German consul advised Faravelli that during the shelling of the town no harm had been done to any European, or damage to property of Europeans.

TURKISH FLEET ARRIVES
London, Oct. 6.—A dispatch to the Times from Constantinople says that the greater part of the Turkish fleet has arrived there. It is unknown whether the fleet was summoned in order to relieve the doubting public of its survival or whether it was sent by the committee of union and progress to persuade parliament that it would not be wise to refuse to vote confidence in the new ministry.

(Continued on page nine)

WORKMAN PLUNGES DANGER OF STRIKE TO HIS DEATH HAS BEEN AVERTED

OPERATORS AND EMPLOYEES OF
CARDIFF MINES REACH AN
AGREEMENT OF WAGES.

(Western Associated Press.)
Cardiff, Wales, Oct. 6.—A danger of a strike in the mines of the Edmonston district is practically eliminated with the signing of an agreement at a half hour last night between the operators and the union mine workers at Cardiff mines at which the only union in the Edmonston district is organizing. The new agreement demands an increase of 12 1/2 per cent. on day labor which is practically what is demanded by the strikers in the south of the province, but a satisfactory compromise was arrived at. Negotiations in behalf of the miners were carried on by William Lewis of Cardiff and the operators by Mr. J. H. Roberts, No. 4, district 15, United Mine Workers of America. Mr. Lewis passed through Edmonston on Sunday last on his way to the Cardiff mines. He has returned south.

At the mines the Cardiff non-union and union men are working together and in some cases men possessing good offices are receiving more money than is demanded by the union.

Another enquiry as to the condition of labor affairs in the Edmonston district coal mines was received by Secretary Fisher of the board of trade this morning from the Saskatchewan board of trade. The board of trade is anxious to be in a position to advise the people of the city as to whether they can depend on Edmonston for a supply of coal for the winter months.

At the mines the Cardiff non-union and union men are working together and in some cases men possessing good offices are receiving more money than is demanded by the union.

MONTREAL GRAFTERS GIVEN STIFF SENTENCES

Four Years in Penitentiary for Possessing
Detective and Extorting Money
From Park Visitors.

(Western Associated Press.)
Montreal, Oct. 6.—Four years in the penitentiary was the sentence passed by Judge Choquet yesterday afternoon on four men, Joseph Cardinal and Paul Gervais for extortion practices on Mount Royal Park, their method had been to post as a detective and hold couples up for a supposed offense, and promising to release them on payment of certain sums. Several charges had been proved against them.

YOUTHFUL BURGLES.
Montreal, Oct. 6.—Four youthful burglars came up before Judge Bazin and immediately after before Judge Choquet, yesterday afternoon, and pleaded guilty to a series of house-breaking attempts in the north end. They were Wm. Jones, Francis Merick, George Mitchell and G. Gross, ranging from 16 to 18 years of age.

LOUIS KNOX, immigration agent for the P.T.C., accompanied by J. F. Philp, city magistrate, went west this morning to the local of steel at Eldorado. During the absence of Mr. Philp from the city his place in the city office will be taken by W. G. Powell of Winnipeg.

MORINVILLE DISTRICT COURT.
District court opened at Morinville this morning at 10 o'clock. His Honor Judge Vachon presided. The following cases came up for trial: —
Koenig vs. Amers.
Under St. Germain vs. Donald Morin.
Under St. Germain vs. Donald Morin.

INSTALL PRESIDENT VERMONT 'VARSITY

Many Prominent Educators from All Parts of Union in Attendance—Educational Conference Will Open Tomorrow—New President Has Had a Brilliant Career

(Special to the Capital.) Burlington, Vermont, Oct. 6.—Prominent educators, clergymen and other leading citizens of the country are here today to participate in the exercises tomorrow and Friday marking the installation of Dr. Guy Porter Branton, A. M., D. D., LL. D., as president of the University of Vermont.

The formal installation of Dr. Branton will take place on Friday afternoon. The morning will be devoted to addresses by the representatives of the colleges and scientific societies. The closing of the exercises tomorrow will be in an educational conference participated in by the foremost authorities of the country. The speakers for tomorrow are Professor John Hovey, of Columbia, on "Present Tendencies in College Education," Prof. James E. C. Moore, of Yale, on "Present Tendencies in Secondary Education," Prof. E. L. Loomis, of New York University, on "Preparation for College," Mr. E. M. Hooten, superintendent of schools, Springfield, Vt., on "The Small High School and the College," Mr. James P. Taylor, vice-president of Vermont Academy, on "The Distant Pupils," Mr. E. J. Smith, superintendent of schools, Hartford, Conn., on "Inspiration Effect of College Possibilities."

Friday morning brief address will be made by the following prominent men:

Hon. Robert Roberts, mayor of Burlington; Professor Norman W. DeWitt, Ph. D., University of Toronto; William D. Thompson, LL. D., president of Ohio State University and president of the National association of state universities; Arthur T. Hadley, president of Yale; W. W. Jordan, Sc. D., LL. D., dean of graduate colleges; Princeton; Edmund J. James, LL. D., president of the University of Illinois; S. J. Hildreth, LL. D., president of the University of Arkansas; William A. Shandling, LL. D., president of Wesleyan; John H. Fisher, LL. D., president of the college of the city of New York; J. H. Conant, LL. D., president of Boston University; Mary E. Woolley, LL. D., president of Mount Holyoke; Herbert W. Lill, LL. D., president of the Ohio Wesleyan; John M. Thomas, D. D., president of Middlebury; Osman G. Markham, LL. D., assistant president of Fiske University; John W. Dickinson, LL. D., vice-president of Upper Iowa University; Raymond M. Threlkeld, Sc. D., acting president of Miami; Henry S. Dole, LL. D., president of the Carnegie Foundation; A. E. Winthrop, LL. D., editor of the Journal of Education; J. M. Buckley, LL. D., editor of the Christian Advocate; Rev. E. A. Bishop, D.D., principal of Mount St. John's Seminary; Hon. Nelson S. Stone,

CONFERENCE ON CHARITIES.

Toronto, Oct. 6.—The twenty-first annual meeting of the Ontario conference of charities and correction, which opened last tonight for a session of five days, has been attended by several hundred men and women who are recognized authorities on various branches of charity and correction, and well qualified to speak on the subjects assigned them on the conference programme. Among the speakers from outside the state are Alexander Johnston, general secretary of the National conference of charities and correction; Mrs. Albion Fallow Hays, of Evansville, Ind.; and Edward T. Devine, secretary of the charity organization society of New York city.

The officers in charge of the conference are: President, H. A. Longman, Cincinnati; first vice-president, Mrs. Appella Jones, New Philadelphia; second vice-president, William Bennett, Newark; and secretary, H. H. Smith, Columbus.

BATTLE MONUMENT UNVEILED.

(Union Press Service.) Atlantic City, N. J., Oct. 6.—An unveiling ceremony marking the anniversary of the battle of Gettysburg, which this county, was unveiled today with interesting exercises under the auspices of the battle of the American Revolution. Governor Wilson, former Governor Peck and other notables were among the speakers.

OBSERVE POET RILEY'S BIRTHDAY.

(Union Press Service.) Indianapolis, Ind., Oct. 6.—In practically all of the public schools in Indiana special exercises were held today in celebration of the birthday anniversary of James Whitcomb Riley, the "Hoosier Poet." Mr. Riley, who is slowly recovering from a long illness, is now in this city, where he will remain for some time.

HONOR NICHOLAS MURRAY BUTLER

(Union Press Service.) New York, Oct. 6.—Ten thousand guests have been invited to attend the testimonial dinner to be given tomorrow night in honor of Dr. Nicholas Murray Butler, president of Columbia University. The affair is to mark the completion of Dr. Butler's tenth year as administrative head of the institution. During his incumbency the university has grown to be the largest in the country in point of attendance.

TAFT NEARING THE COAST.

Spokane, Wash., Oct. 6.—Cities and towns of Washington are preparing to cordially welcome President Taft who tomorrow will enter upon a four day tour of this state. Walla Walla will be the first stop on his itinerary tomorrow and in the evening he will arrive in this city, where a banquet will be given in his honor. Governor Hay and other official representatives will meet the distinguished visitor at the Washington Hotel. A short stay in Walla Walla of this city, and accompanying him on the greater part of his tour through the state.

SENATOR LA FOLLETTE TO SWING AROUND THE CIRCUIT

Will Start on Tour of States as Soon as President Taft Returns to Washington—Will Oppose Taft for Republican Nomination in 1912

(By Bradstreet Clifford.) Washington, Oct. 6.—Although Senator Robert M. La Follette, of Wisconsin, had made no public announcement of his candidacy for the Presidency, he is in fact a candidate on the Progressive ticket. He will continue President Taft's tour, by making a swing around the circuit late in the fall, just after President Taft completes his journey to the Pacific coast and return.

The announcement of Senator La Follette's candidacy, which he would favor the nomination of La Follette, and the announcement of Senator Cummins, of Iowa, to run for the Progressive and a logical candidate for the Presidency, together with the fact that the Progressive party will win the country on a big speech-making trip, definitely puts La Follette in the Presidential race.

La Follette has not publicly announced his intention of becoming a candidate, preferring, it is said, to await a more propitious time to launch his boom. It is thought that he will announce his candidacy immediately after he makes his trip.

On this trip he will follow closely President Taft's route and it is possible he will speak in opposition to the President's views. It is thought that this kind of a program will tend more to bring La Follette into the limelight, and make him a great national figure two years hence.

At present, La Follette is only vaguely known to the great mass of the people. It is the intention of those who are managing his campaign to have him appear in the role of champion of direct control of elections by the people. Instead of an advocate of delegated powers, such as is favored by the regular Republicans, and upon which platform President Taft is firmly planted.

The political importance of such a trip as planned by Senator La Follette would be great. It is now the only likely candidate in the field against President Taft for the Republican nomination, and as his personal following is large and enthusiastic, it is believed that if he does make the trip it will be possible to cause in a measure the extent of the revolt among the Republicans against the nomination of President Taft.

In Washington it is represented that President Taft's tour by the people in many parts of the country, especially in the west, is weak. Whether that is true or not, it is well known that more or less clearly demonstrated that when the President makes his long trip this fall, so it is plain that, if

COAL FAMINE MAY BE AVERTED

SASKATCHEWAN DEALERS ARE CONFIDENT THERE WILL BE NO SHORTAGE AFTER XMAS.

Regina, Sask., Oct. 6.—Largely as a result of the action of the government in urging upon the householders the necessity of the early placing of orders for winter fuel supply, if a coal famine is to be avoided, Regina coal dealers were never so busy as at the present time. They cannot in fact keep pace with the orders and while railroads are doing their utmost to rush through supplies, it is practically impossible of an arrival. If the pace keeps up the greater part of the month, it is expected that in any event there will be a shortage after Christmas.

1911 CROPS IN THE WEST VALUABLE IN YEARS

Conditions Throughout America Ideal for Bumper Crop—Some Sections Hit by Drouth, Others by Floods, But Country is Producing Record Crop

That the bumper of hard times prophesied in connection with recent reports of general crop failures is thoroughly unfounded is proved by the annual crop report issued by Lord & Thomas for 1911.

President C. R. Ervin, in discussing his sources of information which led to the above statement mentioned that he had obtained optimistic conclusions from data gathered for him by the agricultural press all over the country.

"Barren papers," said Mr. Ervin, "particularly those with restricted or localized circulation, are in the very best position to give not facts as regards production and conditions. Presumably all the papers furnishing Lord & Thomas with crop information received their reports, not from a more personal inspection of conditions generally, but from their subscribers as to the actual production of each township and many individual farms."

While it is true that, speaking nationally, there will be a shortage in grain products, on the other hand prices for these products show a much higher percentage over last year than the product does a loss.

Howard N. Whitney, managing editor of the Register and Farmer of Des Moines, in giving details of Iowa conditions, states that the total value of the field crop in Iowa in 1911 is \$300,331,065, as against \$213,116,536 in 1910.

The corn crop this year in Iowa is less than last year, averaging about 250,000,000 bushels, as against 350,000,000 bushels in 1910. Notwithstanding the corn crop of 1910 exceeded this year's crop by more than 100,000,000 bushels, the price at this time is 35c per bushel, as against 37c to 38c last year. This gives the value of the 1911 corn crop at \$127,500,000, while that of last year was \$127,022,500.

The oat crop this year amounted to 115,512,500 bushels, as against 168,225,000 bushels in 1910. The acreage this year was 4,600,500 acres, and the average yield was 25 bushels. The value of this year's crop at present prices is \$14,109,625, as against \$15,121,852 last year.

The winter wheat crop in 1911 amounted to 4,015,210 bushels, as against 4,125,920 bushels in 1910. The acreage was 290,762 and the yield 20 bushels. The yield is more than 80c per bushel, as against 83c, 84c, 85c, 86c, 87c, 88c, 89c, 90c, 91c, 92c, 93c, 94c, 95c, 96c, 97c, 98c, 99c, 100c, 101c, 102c, 103c, 104c, 105c, 106c, 107c, 108c, 109c, 110c, THEATRICAL NEWS

AT THE LYCEUM.
The Lewis and Clark company are presenting "Zig Zag Alley" for the last half of the week. A large house erected at their last night and during the laughter the show more than made good.
The story of the play has to do with an Irishman who is a shoe maker and a Dutchman who runs a tailor shop, their respective places of business being next door to each other. Their mutual fighting and quarrelling causes up to a prize fight between the two, which is a scene from start to finish. The two antagonists, Fred Ardell and Max Noble as the Irishman and Dutchman, are very clever.
Several interlarded songs were well received, and last but not least, the dancing pupils added action and zest to a very creditable show.

TELEPHONE GIRL PLEASES.
Max Noble, one of the Tullys staff, and the Tullys troupe, have a brilliant aggregation of fun producers at the Empire Theatre last night. The vehicle was "The Telephone Girl" and

it was good for about four laughs a minute besides having some real jokes interspersed as a sort of tobacco to the real performance.
The music in the "Telephone Girl" is not what might be called "catchy," but it was all very melodious and to please. The singing on the part of the principals was all good and the chorus while not large possesses more than the average singing ability and suzer.

Max Noble as above mentioned furnished the most of the fun and as this is his specialty of course he made a good job. Miss Sherr as the leading lady and played very well, and Jack Leslie as Saunders the bunter appeared to good advantage in his song "Holly and the Christmas Tree." Mr. Gimmon's song "Little Girls Come Gather Round Me" was the hit of the evening, and the music of the lyrics of the play showed considerable talent and promise of more in the future.
The Telephone Girl will continue for the balance of the week at the Empire and should draw good houses every night. Saturday matinee of course.

PRESS AGENTS SAY

OPERATIC STARS HERE TODAY.

The Calgary train arriving this afternoon brings amongst its passengers the most distinguished company of artists who have ever visited western Canada. They are all members either of the Metropolitan Opera House, New York or the Boston Grand Opera company, and they will appear tonight at the Thistle rink in the most artistic program head music lovers have yet been given the opportunity of hearing.
The personnel of the visiting artists is as follows: Miss Alice Nielsen, prima donna soprano of the Metropolitan Opera House, New York, Ricardo Martin, tenor of the Metropolitan Opera House and Covent Garden, London, Jaska Sivert, prima donna contralto of the Boston Grand Opera company, Mme. Johanna Morella, soprano, Jose Marcondes, Rodolfo Fornari, and Luigi Cella, all principals of the Boston opera company.
Their repertoire is a most delightful one and includes in it duets by M. Nielsen and Mr. Martin in English, French, and Italian, and scenes from "Madame Butterfly" and "Pascuella" in costume, in fact it will be grand opera in miniature and is bound to cause unmeasured pleasure to all who are fortunate enough to be present.
The management again wish to emphasize the fact that the rink will be thoroughly heated and that the seat cushions will be very comfortable, fully earned out. The plan of the rink will be found at Heintzman's music store, 572 First Street, and at the rink this afternoon, after which seats may be booked at the rink.

High Prices Offset Shortage.
The southern fruit grower reports that the drought this summer has affected every crop in the south, and the strawberry crop, which brings millions of dollars to the farmer of the south, was cut down about 25 per cent, but even with a 75 per cent drop the price received more than compensated the farmer for the shortage of berries.
The cotton crop in Tennessee has been an excellent one this year, both in quantity and quality.
The fruit grower also states that with money already in hand for a fine crop of melon and berry crop, and the prospects in sight for a fine crop of corn and cotton, the south has never before presented a more attractive appearance for manufacturers and others who are seeking a field for business.
According to the home and the farm of Louisville, the widespread rains during the month of August improved the prospects for cotton, and the conservative estimates are for a yield of 12 to 13-12 millions bales. Although this is less than last year's crop, the returns in dollars will be as great, if not more, owing to the higher price of cotton this year.
Tobacco, which is one of the leading crops of Kentucky, showed a slight falling off, due to unfavorable weather conditions. On account of the fact that Kentucky produces such a large percentage of the tobacco crop, decreased acreage in yield will cause an increased price. The wheat crop was fully up to the average. The wheat crop was equally as good.
Texas this year, according to P. P. Holland, of the farm and ranch of Dallas, will have a bumper cotton crop, and the figures at this writing have been estimated at 5,000,000 bales. The tomato crop for a single county brought more than \$500,000 and the rest of the counties in the state, have equally as good a crop of tomatoes.
The fruit and truck crop was short, but more than made up for what was lacking in yield.
The truck and fruit growers are particularly pleased at the season, and the people in the sections irrigated have found satisfaction and profit because of the good yield and magnificent prices.
The Southern Ruralist, of Atlanta, states in its crop report of conditions that this was one of the biggest cotton years the south has ever experienced. Last year the cotton crop brought the farmers of the south over a billion dollars, and the present crop shows an increase in acreage of about 5 per cent, so that this year the returns will be greater than last.
The corn crop is unusually good, but the hay crop will be short on account of the dry weather. The corn crop will average 55 per cent this year, as against 50 per cent in 1910. The tobacco acreage planted 1,500,000, average 80 per cent in 1911, as against 88 per cent in 1910.
The condition in Virginia are in a normal condition. The tobacco crop this year averages about 75 per cent of normal, but the corn crop was cut about 10 per cent, according to J. P. Jackson, of the Southern Planter.

1911 CROPS ARE THE MOST VALUABLE IN YEARS

(Continued from Page Six.)
Farming.
The wheat had a total yield of 10,000,000 bushels at 80c per bushel. The winter wheat was particularly bountiful, and as much as 75 bushels the acre were harvested from some of the dry farms.
The corn crop was 80 per cent of a normal yield and valued at \$6,000,000 for the state. Prices are exceptionally high, partly because of the scarcity of wheat, and partly because the corn has been so high as 125 bushels to the acre. Some states have had their largest harvest in years.
The potato crop and the crop has returned \$2,000,000. The potato crop will be less than most of the states, and the total shipments will be fully 25,000 carloads, at prices for sale crop around \$1 a hundred pounds, 2,000 bushels will probably increase to \$2 before the season is over.
Colorado this year has a total of 10,000 acres in sugar beets. The yield will be 15 tons to the acre, with a total value of \$8,500,000. The fruit crop has been most excellent and will this season reach a total value of \$10,000,000. The apple crop alone will be 4,000,000 boxes, or the equal of so many bushels, and the price will be at least \$1 a box, while some of the fancy grades bring \$2 a box.
"Fruitless and years," says Mr. Wilcox, "are of the most superior quality, and are bringing top prices. It was the shipments to outside places amounted to 100 carloads. Our cantaloupe crop is 25 per cent greater than that of last year, and prices are higher than usual."
The Northwest Pacific farmer reports that the farmer of the Pacific slope have in its progress condition that they are today. While taken as a whole it is a bumper crop and prices—they are hardly be compared with the crop of the Pacific slope.

The wheat crop this year in Oregon was a very good one, averaging about 150 per cent of last year. Oats also had a fine year, and the prices are high. Hops had average yield, but the price is higher than it has been for years. Last year they sold for around 15c per bushel, and now they are up to 25c per bushel. The biggest crop of sugar beets ever raised in Oregon during the 1911 season.
While the fruits average about 60 per cent of last year's crop, the prices average 80 per cent higher, so that the increase in price more than makes up for the slight shortage in crop.
The western farmer of Spokane tells us that the crop of wheat this year in Washington will exceed any previous year by several million bushels. Over 600,000 acres of wheat will be harvested this year. A conservative estimate places the total yield of wheat at 75,000,000 bushels. The hay crop indicated an increase of 5 per cent to 10 per cent over last year. The barley crop is estimated at 12,000,000 bushels as against 11,000,000 bushels in 1910. The rice yield estimated at 100,000 bushels as against 50,000 bushels in 1910. The corn crop is estimated at 2,000,000 bushels produced on 50,000 acres.

Stomach Sufferers Squander Millions
In Search of Relief.
The world is full of disordered stomachs and 80 per cent of the money spent upon physicians and drugs goes in an attempt to cure the stomach.
People are made to believe that in order to keep their health they must doctor their stomachs with "new cures," but the doctor's hands are longer able to cure the stomach. The stomach is a delicate organ and the use of medicine is not the way to cure it. The stomach is a delicate organ and the use of medicine is not the way to cure it. The stomach is a delicate organ and the use of medicine is not the way to cure it.

Apple growing in the state of Virginia is receiving much attention, and thousands of acres are being planted. However, on account of weather conditions the apple crop this year dropped 25 per cent to 50 per cent.
According to a report sent out by the Commissioner of Agriculture, even in the state of Vermont, although the weather conditions have not been very favorable and crops have had a hard struggle, nevertheless the returns in this state have been better than in many other sections of the country.
They will reach about 50 per cent of a normal crop. The quality is as good and the prices high. They will reach about 90 per cent. The corn crop is very good.
According to the Oklahoma Farm Journal, as far as the farmer of Oklahoma is concerned he will be fully as well or better off this year than last year, for there has been an immense amount of forage crops put out and it is generally known that an acre of alfalfa or clover will have more money value than an acre of feed corn.
The reports from this state show an increase in wheat and oats—wheat about 50 per cent of a crop and oats about the same crop.
The Orange and Juarez states in its report on crop conditions throughout its territory that the state of New York suffered a shortage of 2,000,000 bushels of wheat, and the corn dropped off 7,000,000 bushels, although the production ran up to a total of 10,510,000 bushels.
Pensylvania produced only 7,000,000 bushels of wheat less than last year, and in corn dropped from 31 bushels the yield in 1910 to 29 bushels this year to the acre, which brings the total production from 10,392,000 down to 9,850,000.
The state of Tennessee and Kentucky had a yield this year almost equal to that of 1910.
Charles W. Burkett, editor of the American Agriculturist, states that the crop situation is unfavorable, especially from the standpoint of the farm. The returns to each farm family is going to be even better than last year on the average. Farmers are closing up their year's work really better financially than they have been for a good many years in the past.

BUILD YIDDISH THEATRE IN LONDON

NEW STRUCTURE NOW IN COURSE OF ERECTION, WILL COST IN VICINITY OF \$35,000.

London, Oct. 6.—London is to have the example of New-York, to have at least its Yiddish theatre. Talk of such a project has been in the air for some years, but it was not until the other day that the idea was set on a practical footing by the opening of the foundation stone of the Yiddish Yiddish People's theatre by Sir Francis A. Montagu.

Promoted by the Yiddish Yiddish People's theatre company, the theatre will in some degree stand as a memorial to the late Mr. Feinman, a Jewish actor, who made a considerable reputation among people of his faith. Mrs. Feinman, who is described as the "Jewish Bernhardt," and who is still a prominent figure on the Jewish stage, will be one of the chief figures in the stock company which will hold the boards at the new theatre off the East End. Though it is established primarily and principally for the interpretation of Yiddish drama, there will also be produced classical operas in German, and a stock opera company will also be attached to the theatre.
It is hoped in the Yiddish theatre to put upon the stage the striking Jewish tragedies of which Jewish people know little, to interpret the thrilling stories of Jewish history, and to tell about the emotional life of the Hebrews, so race has had such a history or is so touched by dramatic interpretation as that of the Jew.
The new theatre, which is to cost \$25,000, will be in outward appearance suggest its nature. The front elevation will be in the Oriental style, of red brick with white stone facades.

CAMPBELL'S Saturday Bargain News

Every item concerns merchandise of the highest quality, and goods wanted NOW, at prices which deserve your most special consideration. Many lines being low in quantity and at such remarkable low prices. The clariion for early rising calls to you.

Saturday Bargains for Men

Men's Fleece-Lined Underwear 45c
25c Men's Ties 10c

Put yourself in a winter's supply at this remarkable low price. Very soft lining—non-irritating, free from burs, ribbed cuffs, a great bargain. Shirt sizes 31 to 32. Drawers to match. Saturday Bargain, Garment. 45c

50c Muleskin-Covered Mitts 25c

This Mitt can't be beat for wear a nice warm lining, with knit wrist. Seams well sewn and strong. Colors, blue, tan, black, etc. Saturday Bargain, pair. 25c

THESE MULES WILL TRAVEL SOME AT THIS PRICE

Men's Negligee Shirts 65c

Without doubt this is one of the best bargains we have ever offered our customers. A shirt of unusual wearing quality. Good colors, well made, sizes 14 1/2 to 16 1/2. Saturday Bargain, each. 65c

Shoes for Saturday

We are giving 15 per cent. off our very complete line of Children's and Women's Shoes. Saturday only.

THE NURSERY SHOE FOR CHILDREN
THE IMPERIAL SHOE FOR WOMEN

Lace Curtains 70c

Lace Curtains in artistic designs. Curtains that look well and wear well. 2 1/2 yards long. Saturday Bargain, per pair. 70c

Sheets and Pillow Cases

WELLS K. O'S DONOVAN.
Toronto, Oct. 6.—A blow scheduled to go on rounds at the Lyric theatre tonight, Matt Wells, the English champion, in the fifth round knocked out Billy Donovan, of Passaic, N. J.

The latter was a little fellow, but was no match for the Englishman, the latter playing with him for four rounds, while in the fifth he slipped over short corners, and was twisted for the haymaker, Donovan taking the count, although the blow did not look a hard one.
Wells' manager leaves tomorrow morning for New York to meet Tom Donohue, the manager of Ed Welles, in an effort to arrange a fight for the world's championship.

GEORGE WESTINGHOUSE SIXTY-FIVE YEARS OLD
(Union Press Service)
Pittsburgh, Pa., Oct. 6.—George Westinghouse, the celebrated inventor of the air brake and for numerous important electrical devices, received the congratulations of many friends and business associates today on the occasion of his sixty-fifth birthday anniversary. Mr. Westinghouse was born in Schuylkill County, Pa., Oct. 17, 1846, and gave evidence of his sagacity at the early age of fifteen by inventing a practical safety engine.

A Big Day in the Boy's Clothing Section

SATURDAY being the best day in the week for the boys to look around, (owing to there being no school), we have decided to put on sale tomorrow some real Red Hot Bargains in Boys' Suits, Overcoats, Shirts, Underwear, etc. These are our ordinary new fall goods, but just for the one day (tomorrow) we will make BIG reductions, and of course on Monday everything not sold will be marked back to the original prices. These are a few of the specials.

Boys' Reefers

Boys' double-breasted reefers, well made, lined throughout, deep colors. Regular price, \$7.75. Tomorrow's price, **2.60**

Regular price \$6. Sizes 22 inches to 31 inches. Tomorrow's price, **4.25**

Boys' Norfolk

Boys' Norfolk Suits in fancy hard wearing tweed. It will take the average boy all his time to wear these out. A large range of colors to choose from. Regular price, \$4.75. Tomorrow's price, **3.25**

Regular price \$6.50. Suits. For tomorrow, **4.50**

Youths' Overcoats

Youths' Overcoats in a variety of fall shapes, well built and in every way a highly satisfactory garment. Heavy winter Tweeds, now is a chance to save a dollar and a half. Ages 12 to 15 years. Regular price, \$9.00. Tomorrow, **7.50**

You don't often find a good heavy "Heather" Tweed Overcoat, for ages 10 to 15 years, well made and finished off in the best possible style for \$4.75. We have only a limited number of these. Regular price, \$7.50. Tomorrow, **4.75**

Exceptional Value in Men's Overcoats

Men's Overcoats in fashionable stripe tweeds. These are a few sample coats, the regular value being \$8.00. This is indeed a snip at **4.75**

Men's Trousers Less Than Half-Price

Men's Tuxedo Trousers, large sizes. Regular price, \$2.50. Tomorrow, **1.50**

Men's Hats

We have gone through our stock of Men's Hats and have turned out about 8 dozen good shape hats in both soft and stiff shapes. These are a good quality felt, and proof against wet weather. There is also a few stylish silk hats, values up to \$1.00. We will clear these out regardless of what they cost us. Saturday only, **1.00**

In the Men's Furnishing Department

MEN'S TWEED COTTON NIGHT SHIRTS. Regular price, \$1.25. Saturday, **99c**

MEN'S NEGLIGEE SHIRTS in fancy colored stripes, good washing material. Regular price, \$1.25 and \$1.00. Saturday, **75c**

MEN'S CEYLON FLANNEL SHIRTS, in fancy stripes and checks. Regular price, \$1.00. Saturday, **1.00**

For the cold weather, MEN'S HEAVY WOOL SWASTERS, in navy, navy or black. Fast colors. Regular price, \$1.25. Saturday, **99c**

BOYS' RELIABLE CAPE LINED GLOVES. Regular price, \$1.00. Saturday, **85c**

BOYS' LEATHER LINED GLOVES. Regular price, \$1.00. Saturday, **65c**

BOYS' LINED MOCHA GLOVES. This is a splendor. Regular price, \$1.00. Saturday, **75c**

BOYS' NEGLIGEE SHIRTS, all good washing materials on smart designs. All at one price, **50c**

A few dozen boys' Silk Derby Ties. These sell in the ordinary way at 25c each. They are now on sale at **25c**

These are just a few of the bargains on sale tomorrow. There are others not included in this ad.

Any Suit or Overcoat that you did not quite suit to your requirements, we will cheerfully exchange.

Boys Department—Main Floor.

Dress Goods Section

On Sale Tomorrow—1500 yards of New Autumn Dress Goods. This collection is composed of Panamas, Parachutes, Anzures, Seals, Glazes, Basket Weaves, and Leather-Matched Knocks, just the very thing for your new Fall costume. These goods are in all the latest and most popular styles, such as Harems, brown, navy, westeria, resins, and prisms. These goods are really worth your careful consideration. They range in value up to \$1.25 per yard, and we will offer them tomorrow at the exceptionally low price of **55c** (See East Window)

Corset Department

We have just received our new range of Corsets, beautiful models, out to suit the requirements of the dress fashions of today. We also have a few dozen of the well known D. & A. Model with fullness low bust, extra long hips, lace top and four hose supporters, sizes 19 to 26 inch. This is the regular D. & A. Corset which sells at \$1.25. Purvis Price tomorrow, per pair, **75c**

Women's separate skirts, in all wool Panamas, Seals and fancy hatched stripes. Surfaces have point effects, others are of the straight line inverted pleated idea. There are also corsets designed with lace fold, trimmed at side with buttons, black stripes with smart white stripes. These we sell in the usual way at \$2.50. All sizes in stock, also outside. On Sale tomorrow, **4.75**

We have just had delivered three cases of Irish Damask Table Coverings

These are all perfect goods in handsome floral designs. They are the making of a good thing in the ordinary way sell at 50 cents per yard. The Belfast looms run off lengths of about 100 yards without removing the bobbins, but after every length has been taken off the machine, there are always a few yards left over which are turned into ends. These lengths are identically the same design, quality and finish, only being short lengths, we are enabled to procure them at a big reduction in price.

Our agent fortunately secured three cases just to hand, and we now have lengths ranging from 1 to 8 yards which we will put on sale tomorrow at **19c** per yard. **Crass-Bleached double width (60 inches) Table Damask; value 50c per yard. Our price Saturday, 19c.**

Two Underwear Specials

In either white or natural Women's Wool Mixtures Suits. **Suit complete 1.00**

All wool women's Underwear, long sleeve vests, drawers to match. In natural and white. **1.00**

\$1.50 per garment. **1.00**

NEWS OF THE CITY

The Duke of Sutherland arrived in the city this morning in his private car. Mr. G. McNeill, Canadian Pacific district passenger agent, is in the city on business.

Alan Nyem is a visitor in the city. He is a traveling passenger agent of the New York Central.

J. H. Woods, editor and managing director of the Calgary Herald, came into the city this morning on business.

The ladies of All Saints' Women's auxiliary will hold a sale of work and notions on Thursday, November 16th.

W. T. Parsons of Winnipeg, has taken a contract for rock work on the mountain section of the C.N.R. main line.

A meeting of I.O.O.F. camp No. 2 will be held this evening in their lodge room for the purpose of electing the Royal Purple degree.

Mrs. Hector Gowen, English street, with her two daughters returned home after spending the summer in Ontario.

James Williams left last night for his former home at Cardiff, Wales, where he will visit for a few months, then he is being made by the C.N.R.

Court will be held at Telford by Judge Taylor today and tomorrow. The court left last night for Telford. There are several small cases to be heard.

Sportsmen who have returned from the moors and marshes, state that the geese are late in flying south. According to oldtimers, this is a certain indication of mild winter weather.

A petition has been received by the commissioners for the grading of the street from the corner of the Station Plain road to the C.N.R. tracks north of Trelawney avenue.

Queens avenue will not be made the subject for the experiment of paving with the asphalt from the north. The road is not in fit condition to work on. Some other street will be chosen.

The big Insels' pump went out of commission again last night, the piston rod having come disconnected. The repair was quickly made however, and the normal pressure has been resumed.

The board of directors has paid an account to the city commissioners yesterday by James Henderson, who is superintendent of the construction of the children's shelter on the old exhibition grounds.

The ladies of All Saints' church gave a lunch to the choir of that church and to the Sunday school teachers. The tea was given in the school room and a splendid programme was rendered.

The pre-communion service in Eskine Presbyterian church will be held this evening at 7.30 o'clock when new communicants will be received. The sacrament of the Lord's Supper will be held on Sunday morning.

The man that lost his shoe and his glove on Sunday last, has been found. He was picked up by a policeman and a contract has been forwarded to him.

The contract for the 25-horsepower Terry steam turbine pump for which tenders were called by Superintendent Hoffman, has been awarded to the Standard Engineering company of Toronto and a contract has been forwarded to them.

J. R. Boyle denies the story which appeared in a local paper yesterday to the effect that he will not occupy his seat in the local legislature when the house meets this evening in its health. He stated yesterday that he never felt better in his life than he did when he returned from the coast recently. Just at present he is suffering from a slight attack of bronchitis but expects to be completely recovered in a few days.

COMMITTED FOR TRIAL. Frank Vancouver who is charged with shooting a Gaiquin at a voting pole on the G.T.P. grade was given his preliminary hearing yesterday at 10 a.m. and was committed for trial. He resides at Port Saskatchewan awaiting trial.

The police state that they do not think that he did the shooting intentionally or that he even knew the suit was loaded.

CASE IS DISMISSED. Man Charged With Smuggling, Pleads Not Guilty and Is Dismissed.

Regina, Oct. 6.—Modeste William, Italian, arrested yesterday on a charge of smuggling diamonds, was discharged in the police court today.

When the case came up it was found the customs officials had made no provision for the prosecution. As Kiffin entered a plea of not guilty and there being no evidence against him, the case was dropped.

The mine workers of Northumberland, England, have declared themselves in sympathy with the strike for the abolition of the three shift system in use now.

HEALTH OFFICER PLACES BLAME

SAYS TYPHOID FEVER HAS BEEN SPREAD THROUGHOUT CITY BY ED MILK BOTTLES.

While the city hospitals are full to overflowing, and a total of 60 typhoid patients have been received during the month which closed on September 30, the cases arising in the city of Edmonton proper, are remarkably few in number, according to the report of Medical Officer of Health Whitehead, which has just been completed.

The typhoid cases which have arisen in the number of 18, a fairly high rate for a city with Edmonton's population, but not by any means so large as a cursory glance at the records of the various local hospitals would seem to indicate.

In conversation with the Capital this morning, Dr. Whitehead pointed out what he believes to be the chief cause of the spread of infection in the city. Certain of the local dairymen have been known to accept milk bottles from infected and diseased houses, and in this way the germs have been transferred from one house to another and from house to house.

Dr. Whitehead stated that the dairymen have been known to accept milk bottles from infected houses, and in this way the germs have been transferred from one house to another and from house to house.

Many bridges and trestles will be erected during the winter both on the C.N.R. main line and the branch from the Peace River. It is expected that by the opening of the construction season next year all the bridges and trestle work will have been completed.

On the Peace River, it is expected that by the opening of the construction season next year all the bridges and trestle work will have been completed.

CONTRACTORS WILL WORK ALL WINTER

MAIN LINE GRADE TO M'LEOD WILL BE READY FOR STEEL BY SPRING.

No difficulty is being experienced by the contractors who have taken possession of the mountain section of the C.N.R. main line, in securing sub-contractors for the winter work. A number of prospective sub-contractors are now in the mountains looking over the work. The road has been started up with the contractors who secured it from the Government. These are now engaged in shipping in their supplies and working equipment.

Work will be carried on throughout the winter all along the mountain section of the C.N.R. main line. From the contractor's point of view the winter work is a good thing, for this reason the number of men engaged on sub-contracts is large. It is on the 67th mile section east of the Rockies is included in this contract. It extends from Burke's lake to a point 17 miles west of the summit of the pass, a distance of approximately 37 miles.

Many bridges and trestles will be erected during the winter both on the C.N.R. main line and the branch from the Peace River. It is expected that by the opening of the construction season next year all the bridges and trestle work will have been completed.

On the Peace River, it is expected that by the opening of the construction season next year all the bridges and trestle work will have been completed.
